

FLAT SHEETS & STRIPS

Product features

Generic properties

Material options	[-]	Galvanised steel, coated steel
Maximum tensile stretch	[N/mm ²]	650
Maximum yield strength	[N/mm ²]	400
Maximised Slit capabilities	[number]	Material 6 strips
Thickness range	[mm]	0.40 - 3.0
Maximum length Flat plate	[mm]	6,000
Minimum length Flat plate	[mm]	800
Maximum width Flat plate	[mm]	1,500
Maximum pallet weight	[kg]	3,000
Maximum pallet height	[mm]	100 + pallet

Standard dimensioning NEN-EN 10143, NEN-EN 10346 and coated: NEN-EN 10169

Processing options

- Slit
- Cut
- Attach protective film to one side
- Emboss
- Perforation possibilities
